The Chevalier d'Eon Makes the 18th Century NON-BINARY!

A story of spies, swords & lovely dresses

REVENANT SERIES

by Olchar E. Lindsann

Charles-Geneviève-Louis-Auguste-André-Timothée-d'Eon de Beaumont was born with a long name in 1728. Their parents were aristocrats short on cash.

As an adult, he joined a super-secret spy ring called the "King's Secret."

The many faces of the Chevalier d'Eon

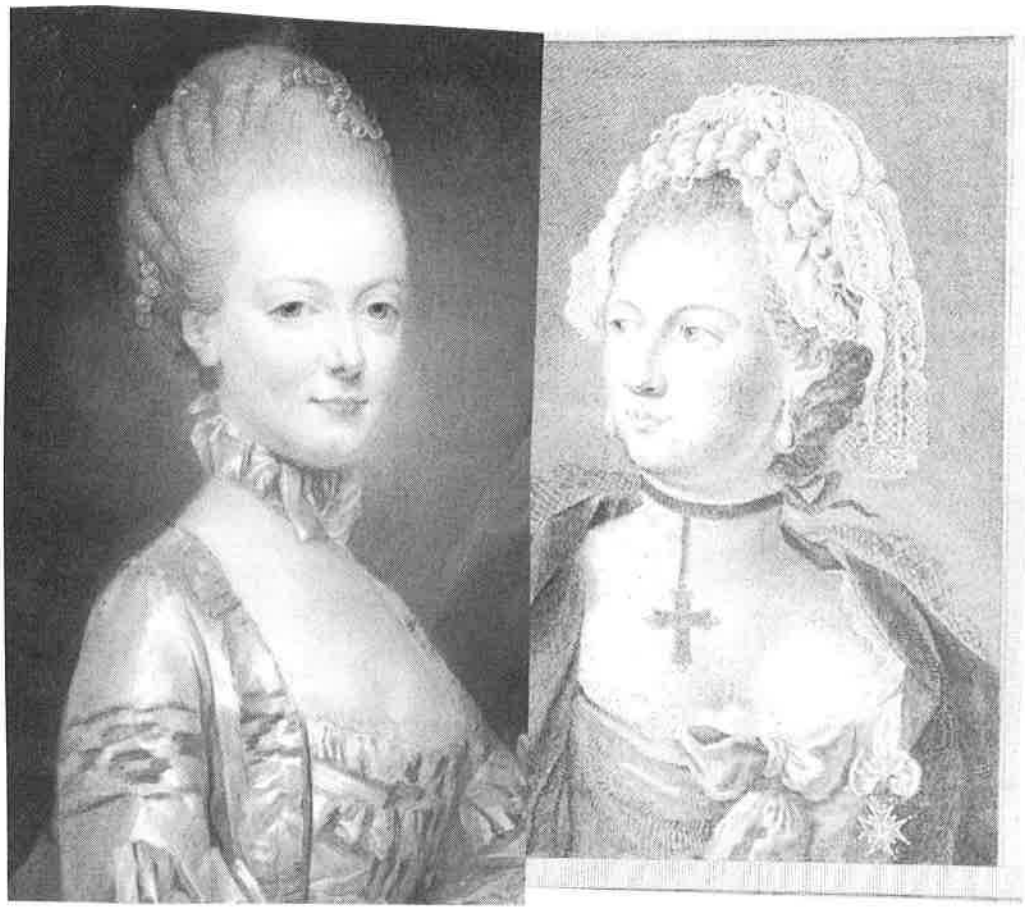
While spying in Russia & England, she began dressing & identifying as a woman—and did so for the rest of her life.

Before ↗

Amazingly, most people seem to have respected her pronouns!

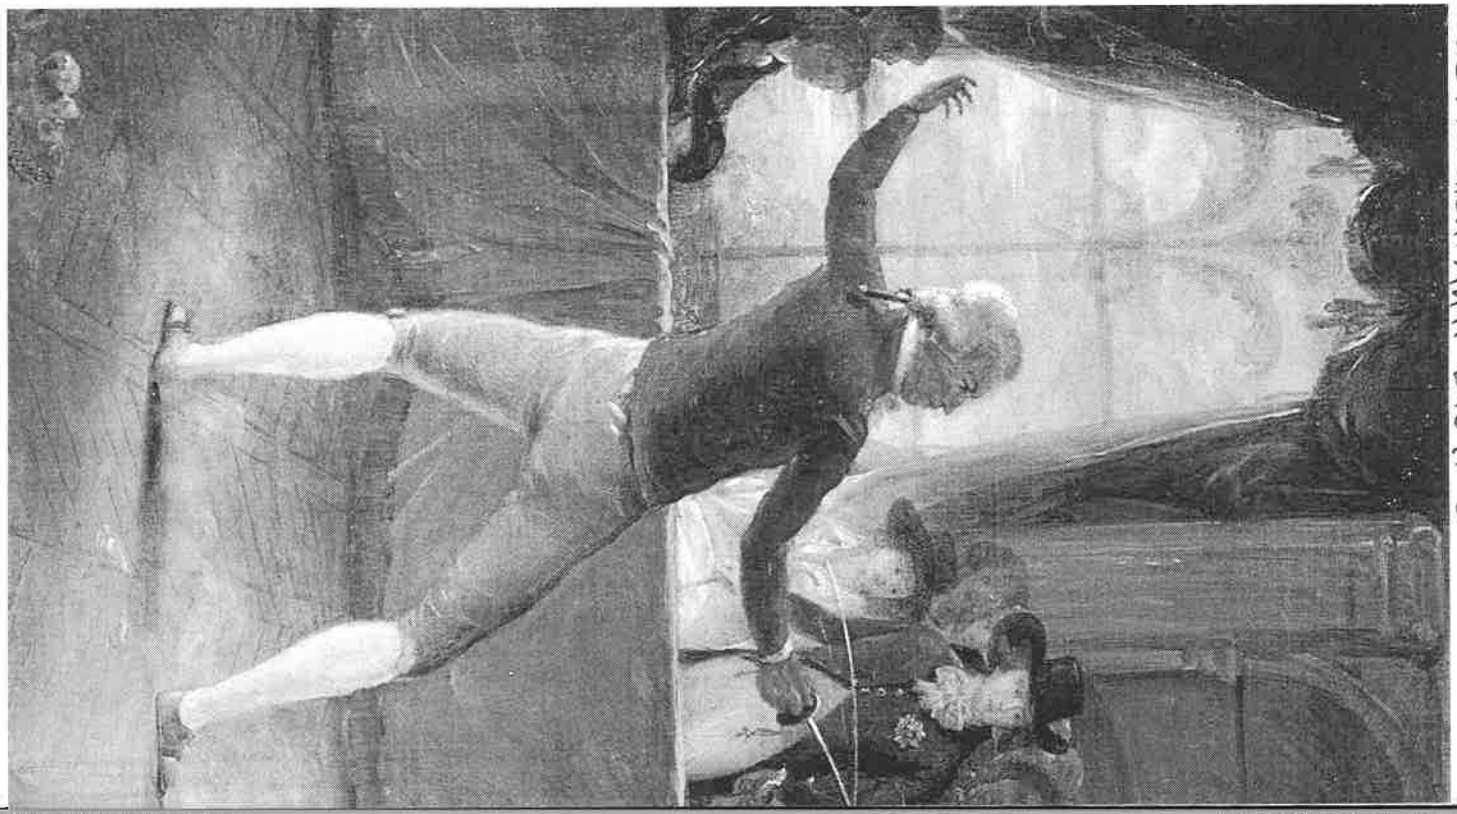
After ↗

She may have been a lover of Marie Antoinette.



Let's just assume she was.

She fought a famous duel with the Chevalier de St. George, a black composer & general. Many rich people watched & made bets, but nobody remembers who won... *



*see Revenant Anti-Bio #8

When she died, doctors found male organs but also "female characteristics" suggesting she may have been biologically intersexed ——
